

INTRODUCING SELF-MANAGERS

Fiest

Elementary

What is a SELF MANAGER?

A self manager is a student who is showing **The 3 R's consistently throughout the year without many reminders to follow expectations.**

How can students become a self managers this year?

-Each student will receive a chart from their homeroom teacher. It is your responsibility to keep up with the chart.

-The chart is divided into 3 sections: Responsible, Respectful and Ready expectations for school.

-When your teacher observes you following the expectations consistently, you will receive the teacher's initials.

To become a self manager students need to display **GREAT** behavior during:

- **Class**
- **Restrooms & Water Fountain**
- **Hallway**
- **Cafeteria**
- **Playground**
- **Library**
- **Dismissal (walker, car rider, bus, daycare)**

They must also show responsibility with their returning library books on time and having **NO** office referrals.

When all sections are filled out, the student has two weeks to get approval from:

- All classroom teachers
- PE, Art, and Music teachers
- Librarian
- Behavior Interventionist
- Assistant Principals
- Principal

Ms. Colletti, Mrs. Suddendorf or Mrs. Russell will come interview the candidates. There will be a few questions they ask and will look for parent signatures on agendas and communication cards.

When everyone has approved the student's chart, he or she will get a self manager badge.

Self managers are students who...

- ❖ **Work and play safely in the classroom, on the bus, and on the playground**
- ❖ **Do their assignments and stay on task to complete their work**
- ❖ **Take responsibility for their actions by not blaming others**
- ❖ **Respect everyone's space and character**

What do students get when they are a Self Manager?

Students who have earned their self manager badge will be able to participate in certain activities throughout the year as well as specific privileges teachers allow.

What kind of activities do they get to do?

They will get to do things like:

- Dance in the hallway
- Play a special game during recess
- Go to the cafeteria for a special event
- And other special things
- Best of all, there is pride in being the best that YOU can be

In order to take part in the activities, self managers **MUST** have on their badges.

**Do self managers keep their
badges all year long?**

Only if they continue to be...

Responsible

Respectful

Ready

**Students can lose their badges
for not following the school
matrices.**

What else can help me be a self manager?

Show **GREAT** manners and support those students who are self managers as well as student striving to become a self manager.

We look forward
to seeing who
will be our first
Fiest Self
Managers!
